Education

1993	Habilitation in Biochemistry at the University of Cologne
1976–1979	PhD-Thesis, Department of Plant Biochemistry at the University of Freiburg
1969–1975	Studies of Biology and Chemistry at the University of Freiburg
1969	Abitur at the Hermann-Billing-Gymnasium, Celle

Academic positions

since 1994	Departmental Head of the Department of Stress and Developmental Biology, Leibniz Institute of Plant Biochemistry and Professor of Developmental Biology, Martin Luther University Halle-Wittenberg
2005-2007	Scientific Director of the Leibniz Institute of Plant Biochemistry
1998–2004	Scientific Director of the Leibniz Institute of Plant Biochemistry
1988	Visiting Scientist of the Frontier Research Program at the RIKEN Institute, Wako City, Japan
1983–1994	Research Group Leader at the Department of Biochemistry of the Max Planck Institute for Plant Breeding Research, Cologne
1982-1983	Postdoctoral Researcher (DFG Fellowship) at the University of California, Berkeley, USA, Pesticide Chemistry and Toxicology Laboratory

Awards

2000	Member of the Leopoldina, National Academy Science
------	--

Editorial Boards

since 2007	The Plant Journal
------------	-------------------

Expertise

Plant-microbe interaction, plant immunity, metabolomics, signal transduction.
